NOT FIRING AT LONG RANGE. The Advocates of High License Chal-

lenged to a Joint Discussion.

The ladies of the Woman's Christian Temperance Union yesterday determined to take some action which would prove to the people that they are not simply firing at long range upon those interested in the liquor traffic, but were desirous of meeting the enomy at closs constructors and reasoning with them. As they were desirous of meeting the enemy at close quarters and reasoning with them. As they elaim that their purpose is to build up and not destroy, they propose to meet all the arguments of both advocates for high license and those who favor the present arrangement.

The discussion over the subjoined resolution disclosed the fact that some of the more enturiated are confident of convincing even dealers that they are wrong and converting them to their belief. They are particularly arxions to break a lance with Hon. Walter I. Hayes, of lows, who wrote them a rather tart letter anent some petitions from Iowa on District prohibition. The resolution is as follows:

"Resired, That the W. C. T. U. hereby in"Resired, That the W. C. T. U. hereby invites the Honor deslers, their atterney, and

arguments they may have bearing upon the
matters at issue involved in the politions respectively to be presented by the said Honor
